

Elec Simon's Motivational Musical!

An exhilarating musical trek toward inspired motivation!

Inspirational. Motivational. Transformational! That's what participants say about Elec Simon's musically interactive production.

- In schools, Elec takes students past his story of personal tragedy due to bullying and onto an emotional musical ride with a full band, inspiring them to respect themselves and others.
- In the work place, Elec's drumsticks smash down barriers through team-building and lessons from his journey from obstacles and self-doubt to confidence and success.
- In prisons, Elec shares his story and guides inmates to express themselves through music, while drumming positivity and respect into the environment.

Elec performs with the Cleveland Cavaliers Entertainment Team, tours with the world-famous Pieces of a Dream jazz ensemble, and is a ten-year veteran of wowing audiences in the critically acclaimed off-Broadway show Stomp.

Elec's words touch your heart as his music touches your soul in this program for everyone about believing in yourself, cultivating respect, working together, reaching your dreams, and living your best life.
